The information contained in this Financial Supplement is preliminary, unaudited and based on data available on January 17, 2008. We have reclassified certain prior period amounts included in this Financial Supplement to be consistent with the current period presentation. This information speaks only as of the particular date or dates included in the schedules. We do not undertake any obligation to, and disclaim any duty to, correct or update any of the information provided in this Financial Supplement. Our future financial performance is subject to risks and uncertainties as described in our United States Securities and Exchange Commission ("SEC") filings.

Additional Information About The PNC/Sterling Financial Corporation Transaction

The PNC Financial Services Group, Inc. and Sterling Financial Corporation will be filing a proxy statement/prospectus and other relevant documents concerning the merger with the United States Securities and Exchange Commission (the "SEC"). WE URGE INVESTORS TO READ THE PROXY STATEMENT/PROSPECTUS AND ANY OTHER DOCUMENTS TO BE FILED WITH THE SEC IN CONNECTION WITH THE MERGER OR INCORPORATED BY REFERENCE IN THE PROXY STATEMENT/PROSPECTUS BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION.

Investors will be able to obtain these documents free of charge at the SEC's web site at <http://www.sec.gov>. In addition, documents filed with the SEC by The PNC Financial Services Group, Inc. will be available free of charge from Shareholder Relations at (800) 843-2206. Documents filed with the SEC by Sterling Financial Corporation will be available free of charge from Sterling Financial Corporation by contacting Shareholder Relations at (877) 248-6420.

The directors, executive officers, and certain other members of management and employees of Sterling Financial Corporation are participants in the solicitation of proxies in favor of the merger from the shareholders of Sterling Financial Corporation. Information about the directors and executive officers of Sterling Financial Corporation is included in the proxy statement for its May 8, 2007 annual meeting of shareholders, which was filed with the SEC on April 2, 2007. Additional information regarding the interests of such participants will be included in the proxy statement/prospectus and the other relevant documents filed with the SEC when they become available.

Yardville National Bancorp Acquisition

We completed our acquisition of Yardville National Bancorp ("Yardville") on October 26, 2007 and our financial results include Yardville from that date. PNC issued approximately 3.4 million shares of PNC common stock and paid approximately \$156 million in cash as consideration for the acquisition, and accounted for the transaction under the purchase method.

Mercantile Acquisition

We completed our acquisition of Mercantile Bankshares Corporation ("Mercantile") on March 2, 2007 and our financial results include Mercantile from that date. PNC issued approximately 53 million shares of PNC common stock and paid approximately \$2.1 billion in cash as consideration for the acquisition, and accounted for the transaction under the purchase method. PNC converted the Mercantile banks' data onto PNC's financial and operational systems during September 2007.

BlackRock/MLIM Transaction

As further described in our Annual Report on Form 10-K for the year ended December 31, 2006, on September 29, 2006, Merrill Lynch contributed its investment management business ("MLIM") to BlackRock, Inc. ("BlackRock"), formerly a majority-owned subsidiary of PNC, in exchange for 65 million shares of newly issued BlackRock common and preferred stock.

Our Consolidated Income Statement for the year ended December 31, 2006 reflects our former majority ownership interest in BlackRock for the first nine months of that year and our investment in BlackRock accounted for under the equity method for the fourth quarter of that year. Our Consolidated Income Statement for all other periods presented and our Consolidated Balance Sheet as of all dates included in this Financial Supplement reflect the September 29, 2006 deconsolidation of BlackRock's balance sheet amounts and recognize our approximate 34% ownership interest in BlackRock for those periods and as of those dates as an investment accounted for under the equity method.

We have also provided, for information purposes only, adjusted results in this Financial Supplement to reflect BlackRock as if it had also been accounted for under the equity method for the full year 2006.

	64%	52%	75%	63%	61%	58%	63%
Noninterest income to total revenue							
	57%	74%	51%	57%	57%	61%	63%
Effective tax rate (a)							
	29.9%	34.0%	21.2%	30.7%	31.7%	30.7%	28.2%

- (a) The effective tax rates are presented on a GAAP basis. The lower effective tax rate for the fourth quarter of 2007 was primarily due to lower pretax income in relation to tax credits and earnings that are not subject to tax. The higher effective tax rate for full year 2006 was primarily due to the third quarter 2006 gain on the BlackRock/MLIM transaction and a related \$57 million cumulative adjustment to deferred taxes recorded in that quarter. The lower effective tax rate in the fourth quarter of 2006 was primarily due to a reduction in tax reserves for interest.

- (a) This schedule is provided for informational purposes only and reflects historical condensed consolidated financial information of PNC: (1) with amounts adjusted for the impact of certain specified items; (2) as if we had recorded our investment in BlackRock on the equity method for all periods presented; and (3) adjusted in each case, as appropriate, for the tax impact. See the Appendix to this Financial Supplement for reconciliations of these amounts to the corresponding GAAP amounts for each of the periods presented. We have provided these adjusted amounts and reconciliations so that investors, analysts, regulators and others will be better able to evaluate the impact of these items on our results for these periods, in addition to providing a basis of comparability for the impact of the BlackRock deconsolidation given the magnitude of the impact of the deconsolidation on various components of our income statement. Adjusted information supplements our results as reported in accordance with GAAP and should not be viewed in isolation from, or as a substitute for, our GAAP results.

Total consolidated net income	\$1,467	\$2,595	\$178	\$407	\$423	\$459	\$376
Revenue (c)							
Retail Banking	\$3,801	\$3,125	\$999	\$985	\$978	\$839	\$799
Corporate & Institutional Banking	1,538	1,455	399	388	381	370	390
PFPC (d)	831	762	214	209	208	200	194
Other, including BlackRock (b)	562	3,255	22	175	154	211	157
Total consolidated revenue	\$6,732	\$8,597	\$1,634	\$1,757	\$1,721	\$1,620	\$1,540

(a) Our business information is presented based on our management accounting practices and our management structure. We refine our methodologies from time to time as our management accounting practices are enhanced and our businesses and management structure change.

(b) We consider BlackRock to be a separate reportable business segment but have combined its results with Other for this presentation. Our Annual Report on Form 10-K for the year ended December 31, 2007 will provide additional business segment disclosures for BlackRock. Generally, PNC's business segment earnings from BlackRock can be estimated by multiplying our approximately 33.5% ownership interest by BlackRock's reported GAAP earnings, less the additional income taxes recorded by PNC on those earnings. The effective tax rate on those earnings is typically different than PNC's consolidated effective tax rate due to the tax treatment of dividends received, if any, from BlackRock. PNC's effective tax rate on its earnings from BlackRock for the fourth quarter of 2007 and full year 2007 was approximately 25%.

(c) Business revenue is presented on a taxable-equivalent basis. The interest income earned on certain earning assets is completely or partially exempt from federal income tax. As such, these tax-exempt instruments typically yield lower returns than a taxable investment. To provide more meaningful comparisons of yields and margins for all earning assets, we also provide revenue on a taxable-equivalent basis by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on other taxable investments. This adjustment is not permitted under GAAP on the Consolidated Income Statement. The following is a reconciliation of total consolidated revenue on a book (GAAP) basis to total consolidated revenue on a taxable-equivalent basis (in millions):

	Year ended		Three months ended				
	December 31	December 31	December 31	September 30	June 30	March 31	December 31
	2007	2006	2007	2007	2007	2007	2006
Total consolidated revenue, book (GAAP) basis	\$6,705	\$8,572	\$1,627	\$1,751	\$1,713	\$1,614	\$1,535
Taxable-equivalent adjustment	27	25	7	6	8	6	5
Total consolidated revenue, taxable-equivalent basis	\$6,732	\$8,597	\$1,634	\$1,757	\$1,721	\$1,620	\$1,540

(d) PFPC revenue represents the sum of servicing revenue and nonoperating income (expense) less debt financing costs. Prior period servicing revenue amounts have been reclassified to conform with the current period presentation.

Period-end Employees	December 31	September 30	June 30	March 31	December 31
	2007	2007	2007	2007	2006

(a) Presented as of period-end.

(b) This information excludes the impact of acquisitions between PNC's acquisition date and the date of conversion of the acquired companies' data onto PNC's financial and operational systems because such information was not available prior to the conversion date. Therefore, information presented above as of June 30, 2007 and March 31, 2007 excludes the impact of Mercantile, which PNC acquired effective March 2, 2007 and converted during September 2007. Similarly, information presented above as of December 31, 2007 (except "Brokerage statistics") excludes the impact of Yardville, which PNC acquired effective October 26, 2007 and expects to convert during March 2008.

(c) Includes loans from acquired portfolios for which lien position and loan-to-value information was limited.

(d) Represents the most recent FICO scores we have on file.

(e) Represents small business balances. These balances are swept into liquidity products managed by other PNC business segments, the majority of which are off-balance sheet.

(f) Financial consultants provide services in full service brokerage offices and PNC traditional branches.

(a) See note (a) on page 5.

(b) Certain out-of-pocket expense items which are then client billable are included in both servicing revenue and operating expense above, but offset each other entirely and therefore have no net effect on operating income. Distribution revenue and expenses which relate to 12b-1 fees that PFPC receives from certain fund clients for the payment of marketing, sales and service expenses also entirely offset each other, but are netted for presentation purposes above. Amounts for 2006 periods have been reclassified to conform with the current period presentation.

(c) Net of nonoperating expense.

(d) Total operating income divided by servicing revenue.

(e) Includes alternative investment net assets serviced.

Efficiency Ratio (Unaudited)

	<i>Year ended</i>		<i>Three months ended</i>				
	December 31	December 31	December 31	September 30	June 30	March 31	December 31
	2007	2006	2007	2007	2007	2007	2006
Efficiency, as reported (a)	64%	52%	75%	63%	61%	58%	63%
Efficiency, as adjusted (b)	60%	62%	62%	59%	60%	60%	62%

- (a) Calculated as noninterest expense divided by the sum of net interest income and noninterest income on the Consolidated Income Statement.
- (b) Calculated as PNC's efficiency ratio adjusted: (1) for the impact of certain specified items; (2) as if we had recorded our investment in BlackRock on the equity method for all periods presented; and (3) in each case, as appropriate, adjusted for the tax impact. We have provided these adjusted amounts and reconciliations so that shareholders, investor analysts, regulators and others will be better able to evaluate the impact of these items on our "as reported" efficiency ratio for these periods, in addition to providing a basis of comparability for the impact of the BlackRock deconsolidation. Amounts used for these adjusted ratios are reconciled to amounts used in the PNC efficiency ratio as reported (GAAP basis) below.

Glossary of Terms

Accounting/administration net fund assets - Net domestic and foreign fund investment assets for which we provide accounting and administration services. We do not include these assets on our Consolidated Balance Sheet.

Adjusted average total assets - Primarily comprised of total average quarterly (or annual) assets plus (less) unrealized losses (gains) on available-for-sale debt securities, less goodwill and certain other intangible assets (net of eligible deferred taxes).

Annualized - Adjusted to reflect a full year of activity.

Assets under management - Assets over which we have sole or shared investment authority for our customers/clients. We do not include these assets on our Consolidated Balance Sheet.

Basis point - One hundredth of a percentage point.

Charge-off - Process of removing a loan or portion of a loan from our balance sheet because it is considered uncollectible. We also record a charge-off when a loan is transferred to held for sale by reducing the carrying amount by the allowance for loan losses associated with such loan or if the market value is less than its carrying amount.

Common shareholders' equity to total assets - Common shareholders' equity divided by total assets. Common shareholders' equity equals total shareholders' equity less the liquidation value of preferred stock.

Credit spread - The difference in yield between debt issues of similar maturity. The excess of yield attributable to credit spread is often used as a measure of relative creditworthiness, with a reduction in the credit spread reflecting an improvement in the borrower's perceived creditworthiness.

Custody assets - Investment assets held on behalf of clients under safekeeping arrangements. We do not include these assets on our Consolidated Balance Sheet. Investment assets held in custody at other institutions on our behalf are included in the appropriate asset categories on the Consolidated Balance Sheet as if physically held by us.

Derivatives - Financial contracts whose value is derived from publicly traded securities, interest rates, currency exchange rates or market indices. Derivatives cover a wide assortment of financial contracts, including forward contracts, futures, options and swaps.

Duration of equity - An estimate of the rate sensitivity of our economic value of equity. A negative duration of equity is associated with asset sensitivity (*i.e.*, positioned for rising interest rates), while a positive value implies liability sensitivity (*i.e.*, positioned for declining interest rates). For example, if the duration of equity is +1.5 years, the economic value of equity declines by 1.5% for each 100 basis point increase in interest rates.

Earning assets - Assets that generate income, which include: federal funds sold; resale agreements; other short-term investments, including trading securities; loans held for sale; loans, net of unearned income; securities; and certain other assets.

Economic capital - Represents the amount of resources that a business segment should hold to guard against potentially large losses that could cause insolvency. It is based on a measurement of economic risk, as opposed to risk as defined by regulatory bodies. The economic capital measurement process involves converting a risk distribution to the capital that is required to support the risk, consistent with our target credit rating. As such, economic risk serves as a "common currency" of risk that allows us to compare different risks on a similar basis.

Effective duration - A measurement, expressed in years, that, when multiplied by a change in interest rates, would approximate the percentage change in value of on- and off- balance sheet positions.

Efficiency - Noninterest expense divided by the sum of net interest income (GAAP basis) and noninterest income.

Funds transfer pricing - A management accounting methodology designed to recognize the net interest income effects of sources and uses of funds provided by the assets and liabilities of a business segment. We assign these balances LIBOR-based funding rates at origination that represent the interest cost for us to raise/invest funds with similar maturity and repricing structures.

Futures and forward contracts - Contracts in which the buyer agrees to purchase and the seller agrees to deliver a specific financial instrument at a predetermined price or yield. May be settled either in cash or by delivery of the underlying financial instrument.

GAAP - Accounting principles generally accepted in the United States of America.

Leverage ratio - Tier 1 risk-based capital divided by adjusted average total assets.

Net interest income from loans and deposits - A management accounting assessment, using funds transfer pricing methodology, of the net interest contribution from loans and deposits.

Net interest margin - Annualized taxable-equivalent net interest income divided by average earning assets.

Nondiscretionary assets under administration - Assets we hold for our customers/clients in a non-discretionary, custodial capacity. We do not include these assets on our Consolidated Balance Sheet.

Noninterest income to total revenue - Noninterest income divided by the sum of net interest income (GAAP basis) and noninterest income.

Nonperforming assets - Nonperforming assets include nonaccrual loans, troubled debt restructured loans, foreclosed assets and other assets. We do not accrue interest income on assets classified as nonperforming.

Nonperforming loans - Nonperforming loans include loans to commercial, commercial real estate, equipment lease financing, consumer, and residential mortgage customers as well as troubled debt restructured loans. Nonperforming loans do not include loans held for sale or foreclosed and other assets. We do not accrue interest income on loans classified as nonperforming.

Notional amount - A number of currency units, shares, or other units specified in a derivatives contract.

Operating leverage - The period to period percentage change in total revenue (GAAP basis) less the percentage change in noninterest expense. A positive percentage indicates that revenue growth exceeded expense growth (*i.e.*, positive operating leverage) while a negative percentage implies expense growth exceeded revenue growth (*i.e.*, negative operating leverage).

Recovery - Cash proceeds received on a loan that we had previously charged off. We credit the amount received to the allowance for loan and lease losses.

Return on average capital - Annualized net income divided by average capital.

Return on average assets - Annualized net income divided by average assets.

Return on average common equity - Annualized net income divided by average common shareholders' equity.

Risk-weighted assets - Primarily computed by the assignment of specific risk-weights (as defined by The Board of Governors of the Federal Reserve System) to assets and off-balance sheet instruments.

Securitization - The process of legally transforming financial assets into securities.

Tangible common equity ratio - Period-end common shareholders' equity less goodwill and other intangible assets (net of eligible deferred taxes), and excluding loan servicing rights, divided by period-end assets less goodwill and other intangible assets (net of eligible deferred taxes), and excluding loan servicing rights.

Taxable-equivalent interest - The interest income earned on certain assets is completely or partially exempt from federal income tax. As such, these tax-exempt instruments typically yield lower returns than taxable investments. To provide more meaningful comparisons of yields and margins for all interest-earning assets, we also provide revenue on a taxable-equivalent basis by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on other taxable investments. This adjustment is not permitted under GAAP on the Consolidated Income Statement.

Tier 1 risk-based capital - Tier 1 risk-based capital equals: total shareholders' equity, plus trust preferred capital securities, plus certain minority interests that are held by others; less goodwill and certain other intangible assets (net of eligible deferred taxes), less equity investments in nonfinancial companies and less net unrealized holding losses on available-for-sale equity securities. Net unrealized holding gains on available-for-sale equity securities, net unrealized holding gains (losses) on available-for-sale debt securities and net unrealized holding gains (losses) on cash flow hedge derivatives are excluded from total shareholders' equity for Tier 1 risk-based capital purposes.

Tier 1 risk-based capital ratio - Tier 1 risk-based capital divided by period-end risk-weighted assets.

Total fund assets serviced - Total domestic and offshore fund investment assets for which we provide related processing services. We do not include these assets on our Consolidated Balance Sheet.

Total return swap - A non-traditional swap where one party agrees to pay the other the "total return" of a defined underlying asset (e.g., a loan), usually in return for receiving a stream of LIBOR-based cash flows. The total returns of the asset, including interest and any default shortfall, are passed through to the counterparty. The counterparty is therefore assuming the credit and economic risk of the underlying asset.

Total risk-based capital - Tier 1 risk-based capital plus qualifying subordinated debt and trust preferred securities, other minority interest not qualified as Tier 1, and the allowance for loan and lease losses, subject to certain limitations.

Total risk-based capital ratio - Total risk-based capital divided by period-end risk-weighted assets.

Transaction deposits - The sum of money market and interest-bearing demand deposits and demand and other noninterest-bearing deposits.

Yield curve - A graph showing the relationship between the yields on financial instruments or market indices of the same credit quality with different maturities. For example, a "normal" or "positive" yield curve exists when long-term bonds have higher yields than short-term bonds. A "flat" yield curve exists when yields are the same for short-term and long-term bonds. A "steep" yield curve exists when yields on long-term bonds are significantly higher than on short-term bonds. An "inverted" or "negative" yield curve exists when short-term bonds have higher yields than long-term bonds.

Business Segment Products and Services

Retail Banking provides deposit, lending, brokerage, trust, investment management, and cash management services to approximately 2.9 million consumer and small business customers within our primary geographic markets. Our customers are serviced through over 1,100 offices in our branch network, the call center located in Pittsburgh, and the Internet – www.pncbank.com. The branch network is located primarily in Pennsylvania, New Jersey, Washington, D.C., Maryland, Virginia, Ohio, Kentucky and Delaware. Brokerage services are provided through PNC Investments, LLC, and J.J.B. Hilliard, W.L. Lyons, Inc. (“Hilliard Lyons”). On November 15, 2007, PNC entered into a definitive agreement to sell Hilliard Lyons to Houchens Industries, Inc. The transaction is expected to result in an after-tax gain of approximately \$50 million and be completed in the first half of 2008 subject to regulatory and certain other required approvals.

Retail Banking also serves as investment manager and trustee for employee benefit plans and charitable and endowment assets and provides nondiscretionary defined contribution plan services. These services are provided to individuals and corporations primarily within our primary geographic markets.

Corporate & Institutional Banking provides lending, treasury management, and capital markets-related products and services to mid-sized corporations, government entities, and selectively to large corporations. Lending products include secured and unsecured loans, letters of credit and equipment leases. Treasury management services include cash and investment management, receivables management, disbursement services, funds transfer services, information reporting, and global trade services. Capital markets-related products and services include foreign exchange, derivatives, loan syndications, mergers and acquisitions advisory and related services to middle-market companies, securities underwriting, and securities sales and trading. Corporate & Institutional Banking also provides commercial loan servicing, real estate advisory and technology solutions for the commercial real estate finance industry. Corporate & Institutional Banking provides products and services generally within our primary geographic markets, with certain products and services provided nationally.

BlackRock is one of the world’s largest publicly traded investment management firms. The firm manages assets on behalf of institutions and individuals worldwide through a variety of equity, fixed income, cash management and alternative investment products. In addition, BlackRock provides BlackRock Solutions® investment system, risk management, and financial advisory services to a growing number of institutional investors. The firm has a major presence in key global markets, including the United States, Europe, Asia, Australia and the Middle East. At December 31, 2007, PNC’s ownership interest in BlackRock was approximately 33.5%.

PFPC is a leading full service provider of processing, technology and business solutions for the global investment industry. Securities services include custody, securities lending, and accounting and administration for funds registered under the 1940 Act and alternative investments. Investor services include transfer agency, managed accounts, subaccounting, and distribution.

On December 7, 2007, PFPC acquired Lawrenceville, New Jersey-based Albridge Solutions Inc., a provider of portfolio accounting and enterprise wealth management services. Also on December 7, 2007, PFPC acquired Coates Analytics, LP, a provider of Web-based analytics tools that help asset managers identify wholesaler territories and financial advisor targets, promote products in the marketplace and strengthen competitive intelligence.

PFPC serviced \$2.5 trillion in total assets and 72 million shareholder accounts as of December 31, 2007 both domestically and internationally through its Ireland and Luxembourg operations.

- (a) These adjusted condensed consolidated income statement reconciliations are provided for informational purposes only and reflect historical condensed consolidated financial information of PNC (1) with amounts adjusted for the impact of certain specified items and (2) as if we had recorded our investment in BlackRock on the equity method for all periods presented, in each case, as appropriate, adjusted for the tax impact. These reconciliations are from the reported GAAP amounts shown on page 2 of the Financial Supplement to the corresponding adjusted amounts shown on page 3 of the Financial Supplement. We have provided these adjusted amounts and reconciliations so that investors, analysts, regulators and others will be better able to evaluate the impact of these items on our results for these periods, in addition to providing a basis of comparability for the impact of the BlackRock deconsolidation given the magnitude of the impact of the deconsolidation on various components of our income statement. We believe that information as adjusted for the impact of the specified items may be useful due to the extent to which these items are not indicative of our ongoing operations as the result of our management activities. Integration costs can vary significantly from period to period depending on whether or not we have any such transaction pending or in process and depending on the nature of the transaction. Our BlackRock LTIP shares obligation results from an agreement entered into in 2002 and predominantly reflects the market price of BlackRock stock at specified times. We have provided information adjusted for the impact of the third quarter 2006 gain on the BlackRock/MLIM transaction due to the magnitude of that transaction, and have provided information adjusted for the impact of the third quarter 2006 securities portfolio rebalancing and mortgage loan portfolio repositioning losses due to the nature of those transactions.

Our payment services business issues and acquires credit and debit card transactions through Visa U.S.A. Inc. card association or its affiliates ("Visa"). In October 2007, Visa completed a restructuring and issued shares of Visa Inc. common stock to its financial institution members in contemplation of its initial public offering ("IPO") currently anticipated in the first quarter of 2008 (the "Visa Reorganization"). As part of the Visa Reorganization, we received our proportionate share of a class of Visa Inc. common stock allocated to the U.S. members. Visa expects that a portion of these shares will be redeemed for cash out of the proceeds of the IPO. The U.S. members are obligated to indemnify Visa for judgments and settlements related to specified litigation. Visa will set aside a portion of the proceeds from the IPO in an escrow account for the benefit of the U.S. member financial institutions to fund the expenses of the litigation as well as the members' proportionate share of any judgments or settlements that may arise out of the litigation. In accordance with GAAP, we recorded a liability and operating expense totaling \$82 million before taxes in the fourth quarter of 2007 representing our estimate of the fair value of our indemnification obligation for potential losses arising from this litigation. Our estimate is based on publicly available information and other information made available to all of the affected Visa members and does not reflect any direct knowledge of the relative strengths and weaknesses of the litigation still pending or the status of any on-going settlement discussions. We believe that the IPO will be completed and cash will be available through the escrow to satisfy litigation settlements. In addition, based on estimates provided by Visa regarding its planned IPO, we believe that our ownership interest in Visa has a value significantly in excess of our indemnification liability. Our Visa shares will not generally be transferable until they can be converted into shares of the publicly traded class of stock, which cannot happen until the later of three years after the IPO or settlement of all of the specified litigation.

Adjusted information supplements our results as reported in accordance with GAAP and should not be viewed in isolation from, or as a substitute for, our GAAP results. Our 2006 Form 10-K includes additional information regarding our accounting for the BlackRock/MLIM transaction and the BlackRock LTIP shares obligation. Our 2007 Form 10-Qs provide additional information regarding integration costs. The absence of other adjustments is not intended to imply that there could not have been other similar types of adjustments, but any such adjustments would not have been similar in magnitude to the amount of the adjustments shown.

- (b) Includes the impact of the following items on a pretax basis: \$151 million of acquisition integration costs, \$127 million net loss related to our BlackRock LTIP shares obligation, and \$82 million of Visa indemnification costs.
